NATIONAL PRIMTALENT EXAMINATION

2021 - 2022

ENGLISH

This would be a humble beginning in the direction of making our children expand their horizons and move into a larger arena to evaluate their skills. It's an effort to promote competitive awareness among students in various areas and all their skills.

We believe, "When in field, move past your limits and boundaries to test your skills. Competitive exams infuse a spirit of healthy competition among the students".

The knowledge of the students will be tested in the fields of Mathematics, Science, English, Geography, Computer Science, Hindi and Tamil.

ENGLISH

Dear all,

The year 2020 has witnessed major upheavals in the education system due to the covid-19 pandemic. **The pandemic has set a spotlight on the platform of online/digital education.** Technology has already had a big hand in most school affairs, the new dependence on technology for every aspect of education is now adopted by all.

We are highly privileged to inform you that considering the current situation and physical wellness of our students, National Primtalent Examination has been moved to the digital/online platform for the current year. To motivate the students and evaluate their competitive excellence all the examinations will be conducted online.

The knowledge of the students will be tested in various fields including English, Mathematics, Science, Cyber, Geography, Hindi and Tamil. The school has taken an initiative to help the students explore their skill, in regional languages, thus introducing Tamil and Hindi Primtalent examination for the year 2021-2022.

The students and the schools participating will be honoured with medals, certificates, trophies and scholarships.

We are looking forward to your school's participation in providing the students a platform to think beyond the boundaries and test their knowledge.

Thank You,
Team Primtalent.

LEVEL II Examination

Details

National Primtalent Examination will be conducted in two levels: LEVEL I & LEVEL II in the field of Mathematics and English.

Criteria

All the candidates scoring $\geq 70\%$ in the LEVEL I Examination will be qualified to enter the LEVEL II examination.

For each class, the list of students qualified for the LEVEL II examination will be uploaded to the website.

The qualifying students will also be intimated via registered email/phone number.

There will be a separate registration for the Level II Examination. All the students qualified for Level II can register after the announcement of the Level I result.

The dates for the LEVEL II examination will be announced, at least 3 weeks prior to the LEVEL II examination.

Certificates

LEVEL II Examination certificates can be downloaded after the results are announced.

If the student does not register for the Level II Examination, the Level I Examination Result will be final. The same can be downloaded from the website.

Syllabus

The examination pattern and syllabus will be the same for all classes and subjects.

Mathematics

LEVEL II - There will be a total of 30 Objective type questions for classes I to III, 40 Objective type questions for classes IV to V and 50 Objective type questions for classes VI to X.

English

LEVEL II - There will be a total of 30 Objective type questions for classes I to III, 40 Objective type questions for classes IV to V and 50 Objective type questions for classes VI to X.

How to Register?

To participate in the Primtalent Examination, students need to create a profile by registering for the Examination through the website.

The registration can be done in two ways.

i. Student Registration

- To be a member of the Primtalent Examination, the student should register by filling up the registration form provided in the Student Registration section.
- Once the registration process is complete, the student has to verify the registration account (via email).
- If the registration is done by the school on the student's behalf, the student will receive a message and email on the registered mobile number and email id. The students have to verify the registration account (via email), though the enrollment of subjects can be done by the school.
- On completing the registration, the registration ID will be generated and the student profile will be created. The registration ID will be shared with the individuals via registered email id and text message.
- Once the Profile is created, the student can log in, update the profile/enroll in the subjects/see the payment details/download the Hall Ticket, etc.

How to Register?

ii. School Registration

- The Schools can be a part of the Primitalent family. The school should register by filling up the registration form provided in the School Registration section.
- Once the registration process is complete, the coordinator has to verify the registration account (via email).
- On completing the registration, the registration ID will be generated and the school profile will be created. The school registration ID will be shared with the school via registered email id and message.
- Once the Profile is created, the school can log in and update the profile.
- To enroll the students, Go to “Examination Enrollment”.
- To view the payment history, invoice, uploading student data Go to “My Payments”.

For Examination Enrollment

To enroll the students in various Primitalent Examination-

1. Click on “Examination Enrollment” in your school profile.
2. Fill in the details and select the classes, subjects, number of students for each. The payment should be made in digital mode.
3. After the payment is successful Go to “My Payments” options.
4. The invoice generated will be displayed and available for download.
5. Under the “Subject Code” in “My Payments” Option, Click on import details. You will be redirected to “Student Import page”.
6. Download the “ Sample File Download”, which is an excel file (named Student_Import). The coordinator will have to save the student details as per the class and upload it.
7. Mandatory fields to be entered in Student_Import file are First name of student, last name of student, email id, mobile number. The student information should be entered in the downloaded file only (Do not create a file of your own and upload it)
7. Once the file is uploaded, the student data will be displayed in the “Student Import” Page.

How to Register?

ii. School Registration

- After the enrollment is done, the student data will be available in My payments>Import Details.

NOTE:

1. The student's photograph should be uploaded with a size not more than 2 MB.
1. This registration ID is mandatory for taking up the test, see results, etc.
2. It is mandatory to provide the unique email id for the student (In case you have a sibling applying for the examination, the same parent email id cannot be used for registering both the children)
3. In case of student registration done by the school, the student will not be able to see the payment invoice, though the details about the subject enrolled will be available under “My Exams”.

Awards & Certificates

Any student scoring above 40% will be considered as successful.

- The students scoring $\geq 80\%$ will be considered as **"A Grade"**, $\geq 70\%$ as **"B Grade"**, $\geq 60\%$ as **"C Grade"** and $\geq 40\%$ as **"D Grade"**.
- The maximum marks for each subject will be 100%.
- For each class, the candidates securing above 70%, will be qualified for the LEVEL II examination for the subject Mathematics and English.
- All the candidates will be awarded with the certificate, which can be downloaded from the website.
- The top three candidates, for each class, will be awarded a special certificate along with medals.

Inspiring School Award

- The 'Inspiring School' Award will be given to the top 100 performing Schools.
- The top-performing schools will be given additional benefits of fees discount for re-registration during the next academic year

Motivating Principal/ Coordinator Award

- The Teacher In Charge of the top-performing schools will be honoured with the 'Motivating Principal/Coordinator' Award.

Fees Structure

The Registration fee for each exam is Rs.125/- per candidate, per subject.

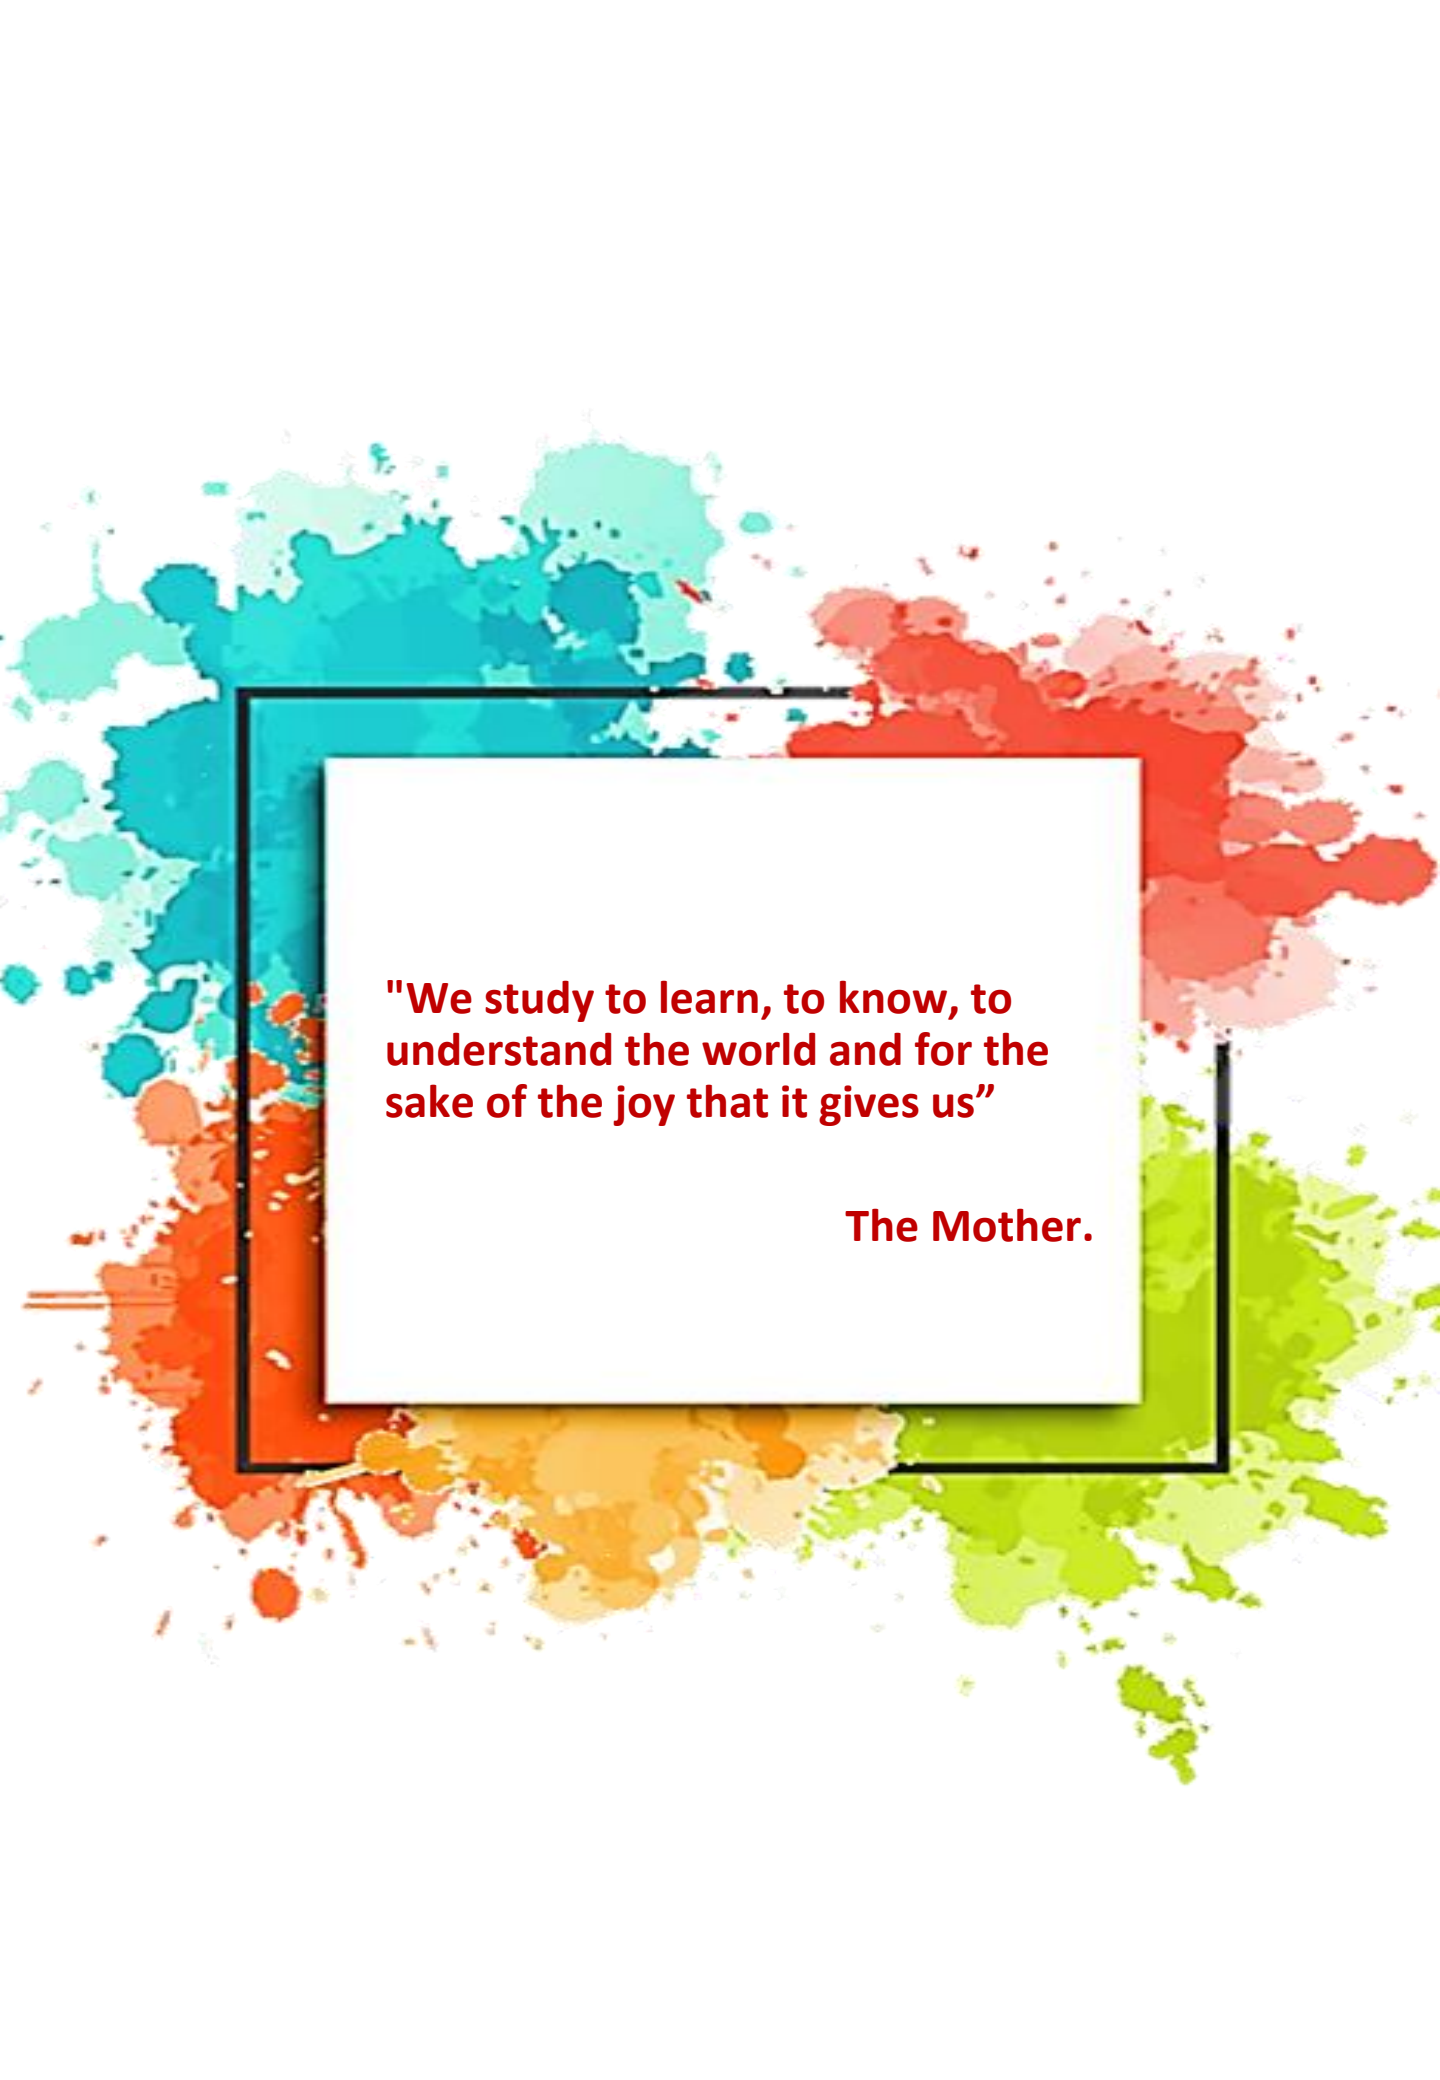

All the payments should be done in digital mode.

After the successful payment towards the enrollments, the school coordinator should upload the student details.

Subjects	Standard	Exam Fees
Mathematics	1 to 10	Rs. 125
English	1 to 10	Rs. 125
Science	1 to 10	Rs. 125
Cyber	3 to 8	Rs. 125
Geography	6 to 10	Rs. 125
Hindi	1 to 10	Rs. 125
Tamil	1 to 10	Rs. 125

All the payments are to be done online at the time of registration (students registration/school registration)
