

# My Father My Hero

My father is my hero because he is taking care of me and makes me bold to face the problems. He motivate me and inspired me to achieve my dreams and fulfill my wishes. My father helps me in solving the math problems which is tricky. He is my first friend to me.

# I Love My Dad

He is a great leader and wonderful father to me. He teaches me life lessons and he is my first trainer to train me how to ride the cycle and to play chess. I am very grateful to be his daughter.
