FATHER'S DAY

Father's Day comes on 20th June 2021. It is celebrated on 3rd Sunday of every June. My Father is my hero . He is my best friend and I share him all my secrets. He is very kindhearted and polite. However strict at times to keep up disciplined. And if I get A+ in all my exams he buys me whatever I want. We both go on bike trips and it is really fun.

My father is my role model. Thank you for everything Father.
